Interim Results For the Six Months to 30 June 2017

Safestay (AIM: SSTY), the owner and operator of an international brand of contemporary hostels, announces its unaudited interim results for the six months ended 30 June 2017

H1 Financial Highlights

- Strong H1 performance with demand for Safestay's unique contemporary hostel offer generating a 23% increase in revenues to £4.1m (2016: £3.3m)
- 62% increase in EBITDA £1.3m (2016: £0.8m)
- Reduced loss before tax of £0.4m (2016: £0.6m), in line with the development of the business and
 a profit before tax of £0.1m if one-off costs of acquisition (£0.1m) and refinancing (£0.4m) are
 eliminated
- Successful financing transactions in respect of the Elephant & Castle and Edinburgh hostels, raising £12.6m
- New £18.4m bank facility with HSBC replaces previous bank facility and two convertible loans, significantly reducing interest expense

H1 Operating Highlights

- Average occupancy across the four UK hostels increased to 71.6% (period to 30 June 2016: 63.7%)
- 18.4% increase in the bed nights sold on a like-for-like basis
- Kensington Holland Park hostel has been transformed, producing like for like revenue growth of 31.3%, with occupancy increasing by 14.3 percentage points compared with the previous year to date and looks set to continue to deliver on its potential
- Good performance too from Edinburgh, Elephant & Castle and York hostels
- Expansion of Elephant & Castle to add a further 80 beds. Work will commence imminently with estimated completion in October 2018
- Operational changes have been effective in driving increased revenues from established Safestay
 hostels and building on the investment made in 2016 in direct booking channels, property
 management systems and online capabilities

Acquisitions

- Hostel portfolio transformed with the acquisition during H1 of 7 new European hostels increasing the number of sites from 4 to 11 and number of beds from 1,526 to 2,574 plus 34 apartments
- New hostel locations in Paris, Prague, Barcelona x2, Madrid x2 and Lisbon
- 5 new operating hostels all performing well and trading ahead of budget
- Madrid apartments to be completed in H1 2018 and the Paris hostel due to open in 2019

Larry Lipman, Chairman of Safestay, said:

"This has clearly been a transformational period for the business in many ways. I would point to the improvement in performance at our Kensington Holland Park hostel as a key factor for taking real confidence from our trading performance, as it means all four of our UK hostels are trading to plan and we still have significant untapped potential in our Kensington Holland Park and Edinburgh sites. This, together with our plans to expand Elephant & Castle, means the UK base is well placed to develop further.

In addition, the refinancing clearly demonstrated the underlying value within our portfolio and enabled the acquisition of 7 new hostels. It is exciting that those which are operating are performing ahead of plan and we look forward to further integrating them into the Group.

The outlook for the business is extremely positive."

Chairman's statement

Introduction

I am very pleased to present the results for the six months to 30 June 2017 which clearly show the substantial progress that the business has made both in terms of the trading performance and in expanding our network of Safestay hostels from 4 to 11, and into key cities in a total of five countries.

There is a sense of momentum building within the business as the Group refines its practices in all areas of building a portfolio of modern, contemporary hostels. The substantially improved performance of our Kensington Holland Park hostel is perhaps the best example of this. This hostel has increased like-for-like occupancy by 14.3 percentage points although there is still significant opportunity for further growth.

The 5 new operating sites which were acquired during the course of the first six months of 2017 have integrated well and our focus is on completing their rebranding as Safestay hostels and looking to develop the crossover of customers throughout the network. The apartments in Madrid are expected to open in the first half of 2018 and the development of the Paris hostel is expected to complete in 2019.

Financial review

For the period under review, the Group generated a 23% increase in revenues to £4.1 million (2016: £3.3 million) including a contribution of £0.2m from acquisitions. This led to the Group recording a 62% increase in EBITDA to £1.3m (2016: £0.8m) and a smaller loss before tax of £0.4m (2016: loss of £0.6m). As a consequence, the Company recorded a loss per share of 1.08p compared with a loss of 1.43p per share in the first half of 2016. The Group generated an underlying profit before tax of £0.1m if one-off costs of acquisition (£0.1m) and refinancing (£0.4m) are eliminated.

During the period, the Group refinanced its borrowings with a new 5-year £18.4 million secured bank facility with HSBC which enabled it to repay all previous borrowings including two convertible loans and therefore significantly reducing ongoing interest costs for the remainder of 2017 and beyond.

Net asset value per share remained broadly constant at 57p per share (2016: 58p per share).

Property valuation

In March, the Company completed a geared ground rent financing transaction on the Edinburgh and Elephant & Castle hostels raising gross cash proceeds of £12.6 million. Importantly, the Group retains a long-term operational interest in the properties following the sale and leaseback. The two hostels were valued for the refinancing as leaseholds on 14 March 2017 at £30.3 million. As a result, the Company has been able to extract £12.6 million from the property portfolio without significantly changing the book value of the assets. Net debt increased to £39.3m (2016: £28.5m).

Operating review

Following a year of consolidation in 2016, the first six months of 2017 delivered significant growth. Excluding the recent acquisitions, Safestay sold 157,984 bed nights compared to 133,444 in the same period in 2016 from its four hostels which combined have 1,526 beds, an increase of 18.4%. Average occupancy was 71.6% compared to 63.7% in the prior year to date demonstrating both the progress made and the scope for further growth. Gross margin improved in large part due to the outsourcing of revenue management which has had a positive impact performance achieved.

Elephant & Castle, the Company's first hostel, has been a consistent performer for the business. Ideally

located in the heart of London, this hostel generated revenue of £1.3 million (2016: £1.3 million) and EBITDA of £0.7 million (2016: £0.6 million). Demand certainly exceeds supply at regular points during the year and full planning permission and listed building consent has been granted to develop an additional 80 beds over four floors and rework the lower ground floor food and beverage areas. Work is expected to start imminently and take the hostel's total bed count to 493.

The York hostel improved in 2016 and during the first six months of 2017 it continued to build on the progress made. While occupancy is high for all weekends, there still remains further opportunity to increase midweek custom.

Kensington Holland Park hostel with its unique location in the very centre of the park offers accommodation that cannot be matched by many other hostels worldwide. The site opened under the Safestay brand in August 2015 after extensive refurbishment and made a slower than expected start. However, momentum has built as people have become aware of the opportunity to stay in this historic Grade 1 listed building. Revenues from Holland Park increased by 31.3% to £0.8 million (2016: £0.6 million) and this led to recording EBITDA of £0.3 million (2016: £0.1 million). The focus is now on continuing this momentum and increasing on current still relatively low levels of occupancy given the potential of the site.

Edinburgh has again performed well, generating revenues of £1.4 million (2016: £1.2 million) and EBITDA of £0.5 million (2016: £0.4 million). The balance between offering beds for students during the academic year and then having full capacity available for the lucrative summer period works well and this site has proved to be a very good acquisition for the Group.

Importantly, we have also seen resilience in both London and Barcelona to the recent terror attacks and the impact has, so far, been short term.

Acquisitions

During the period, the Group made the following acquisitions:

- On 22 May, for €3.0m the Group acquired a 228-bed luxury hostel in Madrid, an apartment block adjacent to the hostel in Madrid with 34 apartments currently under refurbishment and a 2,300 sqm building in central Paris with planning for conversion into a 266-bed hostel.
- On 31 May, for €3.6m, the Group acquired a 150-bed hostel in Prague, a 110-bed hostel in Barcelona and a 150-bed hostel in Lisbon. The transaction completed on 29 June.
- Effective 29 June, for €2.0m, the Group completed the acquisition of 144-bed hostel in Barcelona

All seven sites are progressing well and the five that are open are all trading ahead of budget.

Outlook

Since the period end, the Group has enjoyed a good summer with good performances from the new hostels and a strong performance from Edinburgh during August in particular. Importantly, the UK-based hostels have continued the trading momentum from H1 into H2.

The combination of all this means the Company is well placed to achieve a good result for the year as a whole.

1. Basis of preparation and principal accounting policies

The condensed interim consolidated financial statements of the Company and its subsidiaries ("the Group") for the six months to 30 June 2017 ("the period") have been prepared using accounting policies consistent with International Financial Reporting Standards (IFRS) as adopted by the European Union. The financial information presented above does not constitute statutory financial statements as defined by section 435 of the Companies Act 2006.

Copies of this announcement are available from the Company's registered office at 1a Kingsley Way, London N2 0FW and on its website, www.safestay.com.

These condensed interim financial statements have not been audited, do not include all of the information required for full annual financial statements and should be read in conjunction with the Group's consolidated annual financial statements for the year ended 31 December 2016. While the financial figures included within this interim report have been computed in accordance with IFRS applicable to interim periods, this report does not contain sufficient information to constitute an interim financial report as set out in International Accounting Standard 34 Interim Financial Reporting.

Revenue

Revenue is stated net of VAT and comprises revenues from overnight hostel accommodation, income from the rental of student accommodation during the academic year and the sale of ancillary goods and services. Accommodation and the sale of ancillary goods and services is recognised when provided. Income from the rent of student accommodation is recognised on a straight-line basis over the academic year to which the rent relates.

The sale of ancillary goods comprises sales of food, beverages and merchandise.

Deferred income comprises deposits received from customers to guarantee future bookings of accommodation. This is recognised as revenue once the bed has been occupied.

Leases

The Group as lessor:

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

The Group as lessee:

Assets held under finance leases are recognised as assets of the Group at the present value of the lease payments at the inception of the lease. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction in lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in the profit and loss account.

All other leases are classified as operating leases. Operating leases are recognised in the income statement on a straight-line basis over the life of the lease.

Property, plant and equipment

Freehold property is stated at fair value and revalued annually. Valuation surpluses and deficits arising in the period are included in other comprehensive income. Fixtures, fittings and equipment are stated at cost less depreciation and are depreciated over their estimated useful lives. The applicable estimated useful lives are as follows:

Fixtures, fittings and equipment 3 years

Freehold properties 50 years

Leasehold properties 50 years

Assets held as finance leases are depreciated over the shorter of the lease term and their expected useful lives on the same basis as owned assets.

Intangible assets

Intangible assets are initially recognised and measured at fair market value.

Where an intangible asset has a determinable finite useful life, the intangible asset is amortised on a straight-line basis over that useful life. Where the intangible asset is closely associated with a lease of premises, the related intangible asset is amortised over the remaining life of the associated lease, also taking into account any renewal options in respect of the associated lease where the Group intends to exercise its right to renew the associated lease.

Borrowings

Borrowings other than bank overdrafts are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, borrowings are stated at amortised cost with any difference between the amount initially recognised and redemption value being recognised in the income statement over the period of the borrowings, using the effective interest method.

Financial instruments issued by the Group comprise convertible loan notes that can either be repaid in cash, or be converted to a fixed number of shares at the option of the loan note holder. These financial instruments are recognised in liabilities.

Loan notes with no option to be converted to share capital and that will be repaid in cash are recognised in liabilities.

Loan arrangement fees

Loan arrangement fees are amortised over the term of the loan to which they relate.

Exceptional items

The Group separately discloses on the face of the Income Statement items of income or expense which are material and their nature and amount would, without separate disclosure, distort the reporting of the underlying business.

At 30 June 2017, the carrying value of the Group's freehold and leasehold property including fixtures and fittings was £46,835,000 (30 June 2016: £45,959,000, 31 December 2016: £45,771,000).

The directors based their valuation of the freehold properties using external valuations as at 14 March 2017 prepared by Cushman and Wakefield on behalf of HSBC (the Group's bankers) as part of the security for the Group's bank financing.

Leasehold land and buildings additions comprise the capitalised finance lease plus refurbishment costs incurred on the Holland Park hostel and the Group properties transferred from freehold land and buildings following the finance transactions in respect of its hostels in Edinburgh and Elephant & Castle which completed on 31 March 2017.

The newly-created leaseholds for both properties were also independently valued on 14 March 2017 at £30.3 million by Cushman and Wakefield on behalf of HSBC (the Group's bankers). The Group has accounted for the finance transactions as interest-bearing borrowings secured on the original properties held. There were no recognised gains or losses arising in respect of these transactions.

On 31 March 2017, the Group completed an £18.4 million refinancing, replacing the previous convertible and bank debt with a single banking facility with HSBC. The facility has a five-year term, variable interest payable based on LIBOR and is in pounds sterling. The HSBC facility is secured by fixed and floating charges over the assets of the Group in favour of HSBC Bank plc.

On 17 May 2017, the Group received £11.42 million before expenses in relation to the sale and leaseback of the Elephant & Castle and Edinburgh properties where the titles of the freehold premises were sold and long-term operating leases based upon the ground rents were entered into, with the Group holding options to reacquire the freeholds with 25 years. The transactions have been accounted for as secured debt transactions. As disclosed in note 5, these freehold assets have been reclassified as long-leasehold properties. The expenses of the transaction are being amortised over 25 years.

The Group has treated the Holland Park lease as a finance lease on the basis that the present value of the lease payments constitutes the substantial part of a theoretical freehold valuation. The average effective borrowing rate was 6.55%. The lease is on a fixed repayment basis and no arrangements have been entered into for contingent rental payments.

9. Business combinations (unaudited)

Two businesses were acquired in the six-month period ended 30 June 2017.

The first of these was U Hostels Albergues Juveniles, S. L. ("U Hostels")

On 22 May 2017 the Group completed the acquisition of U Hostels for a total cash consideration of £2.9 million (€3.0 million before working capital adjustment).

The U Hostels portfolio includes three leasehold properties:

- 228-bed luxury hostel located in the heart of Madrid, operating since 2013 under the U Hostels brand with a 15-year lease.
- An apartment block situated next to the Madrid hostel. This block is made up of 14 one-bedroom and 20 two-bedroom apartments which are currently being renovated and will open in the first half of 2018. The apartments will be managed by the hostel management team.
- A 2,300 sqm building in Montmartre, Paris with planning for conversion into a 266-bed hostel. The building is ideally located to become a Safestay hostel and has a 12+12 year lease effective from the opening of the hostel. The landlord will be investing alongside Safestay in the redevelopment of this site, expected to commence this year and open in 2019. Safestay's contribution to this redevelopment is capped at €2.3 million (approximately £2 million), which will be funded from existing cash resources.

The acquisition has been accounted for by the purchase method of accounting and the results of U Hostels are consolidated within the Group financial statements from 22 May 2017. The fair-values of the acquisition are still being evaluated although provisional fair-values of the U Hostels included for the purposes of the half-year results are set out below.

| Unaudited and provisional | Fair-values £000 |
|--------------------------------------|---------------------|
| Non-current assets | |
| Intangible assets | |
| Right of use of leasehold properties | 2,573 |
| Tangible assets | |
| Property plant and equipment | 116 |
| Net current assets | 207 |
| Fair-value of businesses acquired | 2,896 |

The costs of the acquisition have been expensed in the period (note 3).

The acquired businesses contributed revenues of £190,000 and operating profit of £25,000 for the period 22 May 2017 to 30 June 2017 which have been recognised in the results to 30 June 2017.

The second business acquired was Equity Point Hostels ("Equity Point")

On 29 June 2017, the Group completed the acquisition of four leasehold sites from Equity Point for a total cash consideration of £4.9 million (€5.6 million). The acquisition was in two tranches finally completing on 29 June 2017. The locations acquired are located in Lisbon, Prague and Barcelona.

The acquisition has been accounted for by the purchase method of accounting and the results of Equity Point are consolidated within the Group financial statements from 29 June 2017. The fair-values of the acquisition are still being evaluated although provisional fair-values of the Equity Point assets included for the purposes of the half-year results are set out below.

| Unaudited and provisional | Fair-values £000 |
|--------------------------------------|---------------------|
| Non-current assets | |
| Intangible assets | |
| Right of use of leasehold properties | 4,777 |
| Tangible assets | |
| Property plant and equipment | 131 |
| Net current liabilities | (22) |
| Fair-value of businesses acquired | 4,886 |

The costs of the acquisition have been expensed in the period (note 3).

No contribution has been recognised in the results to 30 June 2017.
